

DA-SET INSTRUCTION MANUAL

DA-SET Dual Rack Adaptor

DA-SET Front Panel

Use Instruction:

1. Before mounting receiver onto **DA-SET** rack adaptor, please release any cables from the rear of the receiver.
2. Turn over receiver to the back and **DA-SET** rack adaptor simultaneously, there are 4 threaded holes each in the bottom of receiver and rack adaptor for inserting screws. (Figure 1)
3. Insert the receiver through the front of the **DA-SET** rack adaptor. (Figure 1)
4. Push receiver into place until holes on receiver aim at holes on **DA-SET** one by one , then screw the receiver tightly with the adaptor. (Figure 2)
5. As long as follow steps 1 to 3, then a second receiver is able to be mounted onto the other side of rack adaptor.
6. When only one receiver is installed, screw the attaching front panel (**DA-SET**) on the other side of rack adaptor. (Figure 3)
